Shortly after independence a band of visionaries led by Professor V.K.R.V. Rao and supported by then Prime Minister Pt. Jawaharlal Nehru were fired up by the ambition to create a centre for advanced learning and research in the social sciences comparable to the best in the world and worthy of an independent sub-continent.

Thus, in 1948 the Delhi School of Economics (DSE) was conceived on the lines of the London School of Economics. Subsequently, when Prof. Rao became the Vice-Chancellor of the University, the process of setting up four new departments, namely, Sociology, Geography, Business Management and Commerce, was initiated.

Prof. Dasgupta was inducted into the Delhi School of Economics (DSE) by its founder, Prof. V.K.R.V Rao, to nurture the newly constituted Department of Business Management and Industrial Administration. Not unlike his mentor, Prof. Dasgupta too was an institution builder par-excellence. His dream and vision was to take the Department to the status of a full-fledged Faculty, a leading university based institution of management education with the stature of an internationally known School of Business.

Guided by the vision of its founders, the school lays highest importance on maintaining excellence in teaching, both as an end in itself and as a basis for creativity and for sustaining excellence in research.
Founded in 1922, the University of Delhi is known for its outstanding contribution to teaching, research and service in nation building. Today, the university stands to meet the enormous expectations of society by nurturing professionals and scholars of high caliber, who can offer solutions to a broad range of issues.

The Faculty of Management Studies (FMS), University of Delhi that made a modest beginning with a three year part-time Post Graduate Management Programme in Business Administration for senior and middle level executives in 1954, is now a pioneering institute of management education in India. Over the years FMS has developed a state of the art infrastructure with access to journals, databases, softwares etc.

The placement records of FMS over these years have been exemplary and many of its alumni are now top corporate leaders. I am sure many bright students aspire to get admission in FMS as their first preference.

My best wishes to the prospective students.

Message from the Dean

Faculty of Management Studies: A Brand Unparalleled

Faculty of Management Studies (FMS) - a tradition of excellence - prides itself in providing driven and motivated individuals a platform for innovative thinking and acquiring entrepreneurial skills to become tomorrow’s great business leaders.

The Faculty of Management Studies, University of Delhi made a modest beginning in 1954 under the leadership of Prof. A. Dasgupta with a three year part-time Post Graduate Management Programmes in Business Administration for middle and senior level executives. The institute was started at Delhi School of Economics and the first set of professors was trained at the Stanford Business School. The vision as I see must be to provide Indian managers with the best available business models and tools for greater efficiency and productivity in different sectors.

FMS continues to draw faculty members from world’s finest institutions and with diverse work experiences. The past decades have witnessed a significant growth in the nature and number of programmes offered at FMS. FMS has exchange programmes and collaborative arrangements with leading business houses, management institutions and professional associations in India and abroad. In appreciation of its contributions, the Industrial Finance Corporation of India and Amway Corporation have created Chair Professorships in Industrial Management and Entrepreneurial Development respectively. Shanti Prasad Jain Advanced Management Research Center as a research and development wing of FMS has been set up at the University of Delhi, South Campus with assistance from Bennett Coleman & Company Limited.

With business education at an inflection point, we must strive to equip future leaders with competence and character to address emerging global business and social challenges. The next three years I will be working for global positioning of FMS rooted in Indian culture and philosophy connected with societal cause for social efficiency and happiness. I have been working extensively on integrating these elements into organizational leadership and value based management; which is the need of the hour in order to create morally healthy, socially sensitive sustainable organizations.

Let the noble thoughts come from all directions!

Leading from the front since 1954

Faculty of Management Studies (FMS, Delhi) is one of the oldest B-Schools in the country, established in 1954 under the aegis of the University of Delhi. The institute was started as a part of the Delhi School of Economics and has grown to be a full-fledged management institute. Being a part of University system, it has been contributing to the industry, businesses, government and social sector at par with leading business schools.

Having started with an evening Masters Programme in Management in 1954, it commenced its MBA (Full-Time) Programme in 1967. FMS went on to establish Shanti Prasad Jain Advanced Management Research Centre at University of Delhi-South Campus to promote research and training of managers from India and abroad in the year 1982. The institute over the years has gained prominence for its learned faculty and students who today occupy coveted positions in the corporate world, both in India and abroad.

Keeping in mind the need of the society and industry, FMS increased intake to its MBA (Full-Time) Programme from 60 to 90 in 1991. The Golden Jubilee Year of FMS in 2004, witnessed launch of another two year full-time programme namely MBA (Management of Services) with an intake of 40 students. In 2011, it merged its two full-time programmes with a combined intake of 226 students. All its programmes today, viz. The business world around us is evolving rapidly, and change is perhaps, the only constant. The intensity and speed with which the forces around us are shaping our environment are immensely complex and challenging. Thus, it has become all the more important for us to be able to think strategically and master core business disciplines in order to become the true leaders of innovation and change.

Over the past 65 years, FMS has helped shape diverse personalities and unique talents in order to imbibe the spirit of achieving excellence. The intellectual rigor and exposure that FMS students receive is immense. FMS has carried forward its legacy of 65 years by unifying academics with leadership skills, providing practical experience and training, and most importantly, helping one attain the heights one aspires to reach.

What sets the MBA programme at FMS apart from any other institution’s, is the ideal mix of opportunities, corporate exposure, and the kind of conducive academic environment that allows the students to realize their dreams, with the flexibility in the curriculum. This journey has truly been transformational for all who have been part of the FMS legacy. The intense mentorship programme and spectrum of activities carried out, instills within every individual the values and culture that this B-School has stood for over all these years. At FMS, one has the liberty to initiate new activities and the collaborative spirit of students makes it possible for numerous such efforts to bear fruits every year.

Those who have walked in through the hallowed portals of FMS will agree that this institution teaches you to take risks and not be afraid to fail. It also imparts the true value of human relationships and how success is driven by it. We are confident about achieving our goals, but we value our failures just as much as our achievements. FMS respects and appreciates your passion and fuels it, so that wherever you go, you leave behind a mark - the mark of a winner.

The combination of a flexible curriculum, a wide array of learning opportunities and a conducive academic environment is the hallmark of this institute. The transformational journey starts from day one and a new entrant is introduced to the culture and values of FMS through an enriching classroom experience and intense mentorship programme. The learner is empowered to collaborate as well as take independent initiatives throughout the year. As much as it is possible to sum up a community, this is FMS having balanced individuals who approach work and play with equal intensity; confident achievers who are brave enough to make mistakes and humble enough to accept them; and dreamers who are grounded enough to know that getting to the top is more fun when the journey is shared. It is this drive and enthusiasm that differentiates and distinguishes us from all others, giving us the winning edge - wherever we go, whatever we do.

Programme Structure

MBA—the two year full time programme is designed with the objective of developing young men and women into highly adept professional managers, capable of working in diverse sectors, continuously striving for excellence in performance, while propagating thought leadership and contributing to the welfare of the society at large. The curriculum of the continuously evolving MBA - two year full time programme rests on two pillars: one, providing a strong analytical foundation in key functional areas and the other, enabling a high degree of academic flexibility, thereby allowing students to customize their MBA experience.

The first year introduces students to the essential models and tools, with a focus on rigorous training in the diverse disciplines in management and the development of a strong foundation of business knowledge and management theory. The year concludes with a rigorous Summer Internship programme which allows students to explore practical application of the management concepts.

In the second year, the students decide on their professional development plans by reflecting on their first year’s learning and Summer Internship experiences. This experience is augmented by interactions with an eclectic mix of world-renowned faculty and corporate luminaries who together teach 22 core courses and over 71 elective courses. After two years of 360 degree learning, the students move on to realize their dreams in the corporate world.

The programme nurtures and develops world class business leaders with personalized care and attention, in small work groups and teams and in a practical, application-oriented environment. Every year aspirants avail the opportunity of realizing their dreams through this programme after proving their mettle in one of the most rigorous selection processes.

At FMS, the MBA course structure is closely aligned with the contemporary business requirements.
